To Father Daniel . . .

A Leader in Education . . .

Ever since 1956, when the accreditation of St. Procopius College by the North Central Association was possible, there has been a dynamic force spearheading this all important drive. Father Daniel was chairman of the steering committee and was responsible for writing and submitting the complete report to the Association. This is the report that weighed heavily in their final decision.

A Benedictine . . .

At 5:00 A.M., with the rest of the community, he is in the chapel beginning his day not only as President of the college, but also as a monk. Four times a day, over three and a half hours each day, he kneels in the chapel praying "that in all things God may be glorified."

A Man . . .

Into this busy schedule he adds still more work. The title of President not only carries the chairmanship of countless committees but also demands many extra hours of endless miscellaneous tasks. A man of order, he handles all capably, and occasionally finds a few hours for his favorite game of golf.

A Friend . . .

The real reason for this dedication stems not from what has just been written. It is especially dedicated to Father Daniel because he has gone out of his way to be a friend, especially to us, the student body. The good he has done cannot and never will be measured because it has been done so quietly. And this silent modesty is the true modesty that makes a great man, someone whom we are proud to call a friend. We on the staff take a special pride in dedicating the 1960 S.P.C. to Father Daniel Kucera, O.S.B.

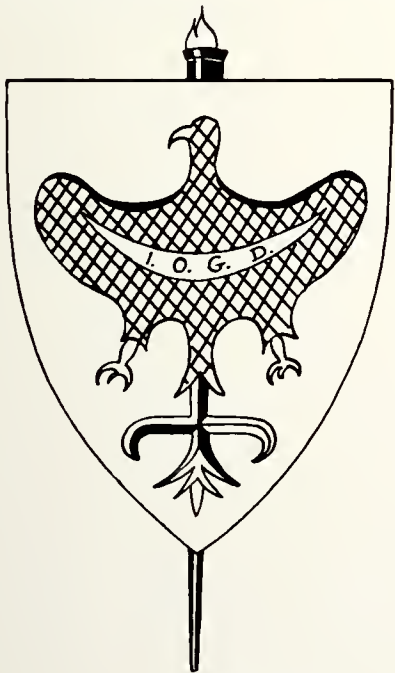

Only very seldom does it become of prime necessity to interpret an intangible concept in a yearbook. We of the staff deem it necessary to bring forth in the following pages the essence of what we term the Procopian spirit. This is done not as an attempt to reach a strict definition, but to lend body and substance to the most important facet of our college life.

Perhaps all of us have been aware at one time or another of a certain undercurrent or spirit manifesting itself in words, deeds, and thoughts that is a singular characteristic of St. Procopius. Let us term this the Procopian spirit. Now that we have a term for this intangible, what are its identifying features?

Notice, if you will, the bond between student and professor that makes a physics Ph.D. play hockey and a sociology professor play basketball with the students. Notice also when a Procopian is in need of help. There is no hesitation on the part of fellow Procopians to provide cheer, service, or advice. And there is also a deeply ingrained sense of duty and responsibility that impels students to meet deadlines by working until five o'clock in the morning, to push a stalled car, to stay up with an injured friend all night.

Non-existent are the lines that would divide the classes, but set are the ties of cooperation between student and student, student and teacher, class and class.

This, then, is a record of Procopian spirit: a generous, self-sacrificing, all-encompassing, permanent, and true Christian bond of union.

CORRICULAR

BISHOP MARTIN D. MACNAMARA, D.D.
First Bishop of Joliet

The College chancellor and Abbot of St. Procopius Abbey has been and will continue to be a leader in the field of Latin and Greek Rite unity.

Abbot Ambrose Ondrak has been presented the Cappa Magna by Pope John XXIII in recognition of his many services to the Church.

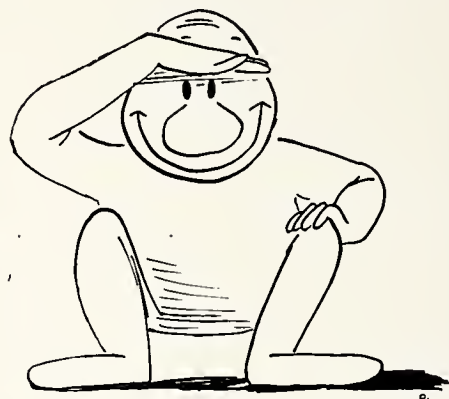

The head of the college administration, Father Daniel is as industrious and energetic as anyone could be. This enthusiasm for the college is a noticeable feature, as he urges Procopius and Proprians to higher development. Knowing that a literary tribute is a transient thing, we feel secure that he will receive his reward in the final resolve.

In any institution, growth and expansion are important. St. Procopius is fortunate to have Father Francis in charge of the college development program. To him also goes the task of controlling public relations for the school. Not easy tasks, but an able man.

A dual role is no mean task. Again the Benedictine way and the Procopian spirit are personified by the Dean of Students and professor, Father Valentine. As an official of the school, as a professor, or as a counsellor, he is always willing to give us advice when we need it.

"Then I asked him what kind of dialect there was in dialectical materialism, and when he said Irish, I . . ."

Study is the *prima facie* purpose of college life, and as such, the Dean of Studies has large responsibility in the discharge of his duties. Father Brendan, a priest, administrator, and scholar in his own right, is not only a capable man, but is also a true "lover of wisdom," which makes him the ideal dean.

School information to possible students, entrance applications, registration forms, class schedules, and course changes are just a few of the many worries of the Registrar. Such a momentous labor as is performed by Father Zachary is most critical in the life of our college, for we could not thrive without the new student. The best tribute to the efforts of Father Zachary is seen by the considerable increase in enrollment.

FATHER DENIS SVEC, O.S.B.

FATHER IVAN DOBNIKAR, O.S.B.

FATHER JEROME DOBRY, O.S.B.

Clerical work is a necessary aid to any concern, and especially to any organization where records and correspondence are handled constantly. The "mountain of paper and river of ink" is very competently managed by the secretarial staff.

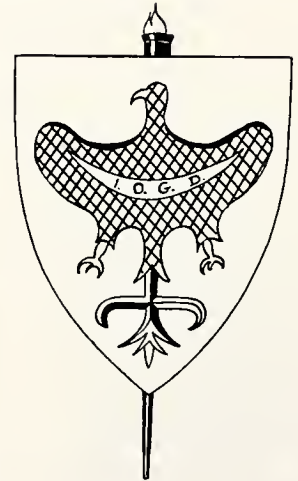

It is fairly obvious that no student could ever do studious and conscientious work if he were not fed. Thus, an adequate, balanced meal is the most important item in the daily life of the Procopian. For many hours spent in preparing our meals, we owe a tribute to Mrs. Denissoff and the kitchen staff.

Philosophy: Dr. Donald O'Grady, P. Chrysostom Tarasevitch, O.S.B., D.D., Dr. Elias Denissoff; *Logical Arts:* Mr. David Champlin, M.A.

Perhaps the best example of the spirit that Procopians have is seen in the faculty. The Benedictine idea of "family living" becomes a reality in the relationship of student and professor here at the college. In their busy schedule the teachers often manage to find time for joining the students in their discussions and recreation. Not only does this make the students feel that the teacher cares enough to join them, but the resulting relationship, in the family spirit, makes it easier for students to talk over problems with them.

Languages: Mr. Richard Marshall (Russian), P. Odilo Crkva, O.S.B., (Latin and Greek), Mr. Lawrence Dapper (German and French).

COOPERATIVE

Another upstart freshman has been deflated.

The spirit of "Hell Week" can be expressed as a feeling of brotherly love between frosh and upperclassmen—like Cain and Abel. These poor frosh are subjected to a week of hounding, hazing, "molasses and feathers" and various other inhuman, sadistic, and cruel treatments lovingly prepared by the upperclassmen. The only solace of the freshmen is that next year they will be upperclassmen doing the same, perhaps even adding some original touches of their own.

Homecoming this year was an action-filled series of events. Starting with the pep rally and bonfire the night before the game, right through the football game, halftime show, ground breaking, smorgasbord, and dance, the Homecoming was a success in the fullest sense of the word.

"Our Town" is a much-loved and very famous play by Thornton Wilder that presents the basic, simple, universal characteristics of life, and in a relatively new manner.

The new concept of production, space stage lighting that limits light to only action areas, plus the use of chairs, tables, and ladders as the only scenery puts special emphasis on interpretation, expression, and mood.

Under the direction of Rev. Mathias Kucera, OSB, the cast did a magnificent job, keeping the quality of every production on an unusually high level.

The Peoples Sing

The second production each season is an experiment in pure music theatre. This year "The Peoples Sing" presented a variety of international folk music in song, dance, and orchestration. The soloists, chorus members, dancers, orchestra, under the direction of Rev. Alban Hrebic, OSB, and Rev. Mathias Kucera, OSB, put together one of the best musical shows in St. Procopius College Production history.

South

The production of "South Pacific" by St. Pocius College Productions can be considered a major achievement. The 4000 plus attendance at the six performances is true tribute to the combined talents and skills of the principals, male chorus, female chorus, orchestra, and production crews that were involved in performing Rodgers and Hammerstein's hit musical.

Happy Talk

Some enchanted evening.

This year sees the St. Procopius Orchestra further along on its way to becoming a full symphony orchestra. A \$10,000 valued gift of music from Dr. Toeniges to the Music Department last year was the stimulus for students and other musicians from the surrounding area to be joined in this project.

Two other new groups have just been formed this year. A school for strings was organized to provide musical instruction for the campus and nearby communities. It includes beginning and advanced students. The Glee Club which was formerly limited to campus performances, now gives programs to parishes and special groups located in the surrounding areas.

Below is the Traveling Glee Club formed last year. This group, complemented by the quartet and some soloists, presents programs of popular songs in parishes and schools of the surrounding communities.

Clockwise, above are seen Jim Murray, Ted Lobello, Dom Castino and Tom Noble, members of the quartet which complements the Traveling Glee Club.

If a poll were taken of the students to find out what type of social activity they preferred, the majority would answer "the mixer," and of course, Proco students are always right. It's the ideal situation for students to get acquainted with other schools (girl's schools). The Procopian feels that at a mixer he gets the most (fun) for least (money).

The large attendance away as well as at home engagements is indicative of Proco's effort to bring cheer to all.

March 2, 1885, saw members of the Benedictine Order coming to St. Procopius Parish in Chicago, Illinois, in order to found a priory dependent upon St. Vincent Abbey, Latrobe, Pennsylvania. Today, some seventy years later, St. Procopius Abbey, Lisle, Illinois, is the fruit of the prayers, work, and perseverance of the original Benedictine Fathers. March 2, 1960, marked the Diamond Jubilee anniversary of the monastery, now with 88 fathers, 33 brothers, and their able superior, Abbot Ambrose Ondrak, O.S.B. (the fourth abbot in the community's history), giving their lives to Christ through their works in many foundations and apostolates.

It's almost a universal statement to say that everybody likes a yearbook. What person can look through a yearbook after graduation, especially years later, and not find a good bit recalled? A comforting thing about the future is that it leaves a past to reminisce over.

Remember the time you won a contest for the knobby knees, were thoroughly egged during hell week, were featured in Who's Who, or when you scored the winning points in a close basketball game? The staff has strived to capture every possible mood of college life, and spent a lot of time doing it, often far into the night.

Mariology Club

The Mariology Club is a unique organization on campus because it does not deal with any secular field of interest; it embraces an interest in a wide field of study since Mary is a key figure in the life of Christ.

To the left is a statue of "Our Lady in Exile" in Rome. A similar statue is situated on our campus.

Ronald Ghilardi, Charles Pisoni, Thomas O'Doherty, Anthony Castino, and Jan Spalek are shown looking over the Who's Who scroll of recognition held by Father Daniel Kuccera, O.S.B., College President.

Those students shown above have a right to be proud of being selected to appear in the Who's Who in American Universities and Colleges. This represents a tremendous achievement on their part, a good academic record, participation in extracurricular activities, personal character development and leadership ability.

This is to certify that
has been selected to appear in the

COMPETITIVE

The Cardinal's coaching staff is composed of Henry Knight, below, and August Pasquini, above.

Father Stanley Vesely, O.S.B., Athletic Director of St. Procopius College.

Athletics

St. Procopius is a small college. This fact doesn't make the coaches' job any easier. Coach Knight is head coach for football and track, while Coach Pasquini is the mentor for basketball and baseball. In addition, they must direct all intramural sports, coach minor sports of tennis and golf, teach physical education classes, distribute the school's athletic equipment to students for recreation, and preside over the day students' study hall.

The gym and its facilities, plus all of the financial business of the athletic department are managed by Fr. Stanley, the athletic director.

The magnetic dynamism that produces the necessary addition to Procopian Spirit is provided by Erin Lynch, Bernie Hanley, Shirley Baron, Jay Pouzar, and Mary Ann Kielty.

Steve Napierala is congratulated by Father Stanley, athletic director, on receiving notice that he was elected to the second squad of the Catholic Small College All Star football team. Coach Henry Knight and Joseph Dienhart, assistant athletic director, Purdue University, look on.

Abbot Ambrose Ondrak congratulates sophomore George Matheson on his reception of the most valuable player award for the '59 football season.

Excited fans watch the Cards fight for victory on the football field.

Neither snow, nor sleet, nor rain . . .

This year the St. Procopius College Varsity eleven battled its way through a heavy schedule, compiling a record of one tie and six losses. Starting off slowly with a loss to Rose Polytech the Cardinals came back to outplay, but only tie Eureka. The inexperienced team, captained by Senior Don Heldmann, dropped its remaining games, none, however, with the exception of the Homecoming contest against Illinois College, by a decisive score.

Freshman Steve Napierala received Little Catholic All-American recognition and sophomore George Matheson was the recipient of the season's MVP award. These highlights and the promise of a better season next year, are the bright spots of the past season.

"... and then flips to you. Now watch that left end. He covers a lot of ground ..."

Basketball

This year's Cardinal quintet owes its success to these three ingredients: Experience, desire, and a strong bench reserve. Most of the scoring was done by the senior co-captains, forward Chuck Pisoni and guard Dick Wagner. Other notable guards were Jack Duray and Jack Krueger, while the big men on the team, Ed Tarabilda and Jim Hanley, were outstanding at the center slot.

A strong team spirit, backed by that of the school, which never wavered and always increased, did much to build up the squad's moral. If, however, credit should go to any one person for combining these elements into a winning ball club, it would have to go to Coach Gus Pasquini, who did a phenomenal job in guiding the team to four and six game winning streaks during the greatest season that a St. Procopius College basketball team has had in many a year.

Second row: Chuck Bartsch, Mike Mann, John McGinnis, Dick Klein, Joe Vitacco, Athletic Director Father Stanley Vesely, O.S.B. Third row: Brian Regan, George Matheson, Tony Castino, Bill Becker, Dick Vancura.

Baseball

Baseball was the second sport to have a winning year in '59 under Coach Gus Pasquini. Bolstered by four returning sophomore lettermen, Don Jacklich, Dick Vancura, Tom O'Brochta and brand bobosky, the Cardinals displayed a fine 8-6 standing, two of their victories coming over neighboring North Central. Strong armed Mike Mann headed the mound corps while two other freshmen, Warrington Parker and George Matheson, delivered many key hits.

Jacklich, Vancura, Parker, Regan and bobosky made up last year's starting infield.

Track

Competing in only their second year of varsity track competition our harriers, co-captained by sophomores Tom O'Brochta and Norb Mondrik, distinguished themselves by capturing two important meets during the '59 season. Several members of the squad received recognition for their performances at the Wheaton and Rose Poly Relays. Dependable men on the cinders were Gerry Hanley and Mike Meier while Don Jacklich and Jack Mahay were consistent winners in the field events.

First row: J. Conway, K. Brady, D. Jacklich, N. Mondrik. Second row: D. Worny, R. Lortitz, J. Beaupre, A. Janke, T. O'Brochta. Third row: Coach Knight, M. Meier, G. Hanley, J. Mahay, D. Chmelir.

Hockey

This was the year that something new was added to the Procopian athletic life—an organized Hockey team! Founded by junior Dick Vancura and led by stalwarts, junior Joe Dalpiaz and freshmen Phil Bertrand and Jerry Boucher, the "Pucksters" compiled a commendable 2 won, 2 loss record which, coupled with the enthusiasm displayed, is indicative of future promise.

Intramural Football

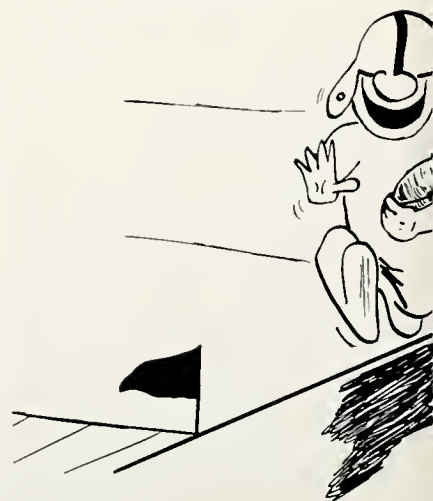

Typical of the Procopian spirit is the intramural football program. This well-organized effort provided an avenue whereby the student body could participate in an organized sport.

Once again it was Rosie's Boys copping the title, undefeated for the second consecutive year. The experienced and talented juniors were rarely pressed as they racked up their fifteenth straight win.

Conclusion

The S.P.C. has sought to give you a feeling of empathy with the broad scope of Procopian Spirit. In pictures, words, and cartoons, you have seen expressed all aspects of this spirit. We sincerely hope you have gained from our effort.

Acknowledgments

To Father Luke for all the extra time he put in, to Father Valentine for his cooperation, to his secretary for that special student list, to Father Jerome for his assistance, and a special word of thanks to those who designed the cover and suggested the name S.P.C.

Thanks to all those who cooperated to make the photography work easier, and congratulations to the whole staff for a job well done.
